

# Editions

Sauver - The Complete Operating System comes in two factory made varieties :

1. Sauver Standard Edition
2. Sauver Ultimate Edition

<sup>a</sup> Standard Edition :

Standard Edition is a FREE Edition. It contains softwares which are used on a daily basis like - Browser, Instant Messenger, CD/DVD Burner, Multimedia Player and others. The Standard Edition can be freely downloaded from the Downloads Section.

Standard Edition also features softwares which can help you recover deleted files from your hard-disk.

<sup>a</sup> Ultimate Edition :

Ultimate Edition is built on top of the Standard Edition with extra features like :

- Printing & Scanning Support
- Sauver.Office - Complete Office Application
- Extra Games
- The GIMP - Image Manipulation Software
- digiKam - Photo Manager
- Kooka - Scanning Solution
- Skype
- Bluetooth Support
- KMobileManager
- Mozilla Firefox
- Mozilla Thunderbird
- Full Development Environment
- GTKPod - iPod Software
- Firewall
- Extra Audio/Video Codecs
- HP Device Manager - Device Manager for HP Printers
- Extra KDE Utilities
- Java
- Google Earth

<sup>a</sup> Customized Edition :

We also provide Customized Editions. In this we create a special edition for you with the Softwares that YOU Require.
