

Other Products

We at Sauver are constantly working in developing new and better softwares. We will very soon be launching new softwares in the Multimedia stream.

Softwares like

Sauver.Mail - A complete Email & Organisation Solution

Sauver.Music - A Complete Music Editing Solution

Sauver.SVG - Complete SVG [Vector] Graphics Creation Software

and many many many more... We also ask you to suggest us which softwares will you like to see on your Computer and we will definately try our level best to make them.
